Over-the-counter (OTC) benefit

UnitedHealthcare offers its members an over-the-counter (OTC) benefit as part of the AARP Medicare Advantage Walgreens plan. Members get credits to buy covered over-the-counter products like toothpaste, pain relief, vitamins, cough drops and more. It's all included at no cost to the member.

How it works

1. Credits are added to the OTC account every quarter.
2. Use these credits to buy covered OTC products.
3. Credits expire at the end of each quarter or at the end of the year, depending on the plan.
