COVER OVERVIEW

Here is a summary of your health cover.

What am I covered for?

You are covered for all the benefits listed in your Table of Benefits. We generally cover pre-existing conditions (including pre-existing chronic conditions) unless we say otherwise in your policy documents. If in doubt, please see the “Notes” section of your Table of Benefits to confirm if pre-existing conditions are covered.

Where can I receive treatment?

You can receive treatment in any country within your area of cover, as shown in your Insurance Certificate.

If the treatment you need is available locally but you choose to travel to another country in your area of cover, we will reimburse all eligible medical costs incurred within the terms of your policy; except for your travel expenses.

If the eligible treatment is not available locally, and your cover includes “Medical evacuation”, we will also cover travel costs to the nearest suitable medical facility. To claim for medical and travel expenses incurred in these circumstances, you will need to complete and submit the Treatment Guarantee Form before travelling.

You are covered for eligible costs incurred in your home country, provided that your home country is in your area of cover.

What are benefit limits?

Your cover may be subject to a maximum plan benefit. This is the maximum we will pay in total for all benefits included in the plan. Although many benefits included in your Table of Benefits are covered in full, some are capped to a specific amount (e.g. €30,000). This specific amount is a benefit limit.

For further information on benefit limits please see the ‘Benefit limits’ section of this guide.

Is your family growing?

Are you getting married or having a baby? Congratulations!

You can request to add your spouse or partner to the policy by simply completing our Application Form, available at:

 www.allianzcare.com/application

To add a newborn child to your policy, simply send an email to our underwriting team, including a copy of the birth certificate. You should send your request within four weeks of the date of birth, to ensure that the child is accepted for cover without medical underwriting and for cover to start from birth.

For further information on how to add dependants, including important information on how to add multiple babies, adopted and foster children, please see the 'Adding dependants' section of this guide.

Following acceptance, we will issue a new Insurance Certificate to reflect the addition of a dependant. This new certificate will replace any earlier version(s) you may have from the start date shown on it.

What are deductibles and co-payments?

Some plans and benefits may be subject to a deductible or co-payments or both. Your Table of Benefits will show whether this applies to your plan.

A **co-payment** is when you pay a percentage of the medical costs. In the following example, Mary requires several dental treatments throughout the year. Her dental treatment benefit has a 20% co-payment, which means that we will pay 80% of the cost of each eligible treatment.

The total amount payable by us may be subject to a maximum plan benefit limit.

A **deductible** is a fixed amount you need to pay towards your medical bills per period of cover before we begin to contribute. In the following example, John needs to receive medical treatment throughout the year. His plan includes a €450 deductible.

SEEKING TREATMENT?

We understand that seeking treatment can be stressful. Follow the steps below so we can look after the details – while you concentrate on getting better.

Check your level of cover

First, check that your plan covers the treatment you are seeking. Your Table of Benefits will confirm what is covered. However, you can always call our Helpline if you have any queries.

Some treatments require pre-authorisation

Your Table of Benefits will show which treatments require pre-authorisation (via a Treatment Guarantee Form). These are mostly in-patient and high cost treatments. The Treatment Guarantee process helps us assess each case, organise everything with the hospital before your arrival and make direct payment of your hospital bill easier, where possible.

Getting in-patient treatment

(pre-authorisation applies)

Download a Treatment Guarantee Form from our website:
www.allianzcare.com/members

Complete the form and send it to us at least **five working days before** treatment. You can send it by email, fax or post to the address shown on the form.

We contact the hospital to organise payment of your bill directly, where possible.

We can also take Treatment Guarantee Form details over the phone if treatment is taking place within 72 hours. Please note that we may decline your claim if Treatment Guarantee is not obtained. For full details of our Treatment Guarantee process, see the 'Terms and Conditions' section of this guide.

If it's an emergency:

Get the emergency treatment you need and call us if you need any advice or support. If you are hospitalised, either you, your doctor, one of your dependants or a colleague needs to call our Helpline (**within 48 hours** of the emergency) to inform us of the hospitalisation. We can take Treatment Guarantee Form details over the phone when you call us.

Claiming for your out-patient, dental and other expenses

If your treatment does not require pre-authorisation, you can simply pay the bill and claim the expenses from us. In this case, follow these steps:

Receive your medical treatment and pay the medical provider

Get an invoice from your medical provider

This should state your name, treatment date(s), the diagnosis/medical condition that you received treatment for, the date of onset of symptoms, the nature of the treatment and the fees charged.

Claim back your eligible costs via our MyHealth app or online portal (www.allianzcare.com/en/myhealth).

Simply enter a few key details, take a photo of your invoice(s) and press 'submit'.

Please refer to "Medical Claims" in the Terms and Conditions section of this guide for more information about our claims process.

Quick claim processing

Once we have all the information required, we can process and pay a claim within 48 hours. However, we can only do this if you have told us your diagnosis, so please make sure you include this with your claim. Otherwise, we will need to request the details from you or your doctor.

We will email or write to you to let you know when the claim has been processed.

Evacuations and repatriations

At the first indication that you need medical evacuation or repatriation, please call our 24 hour Helpline and we will take care of it. Given the urgency, we would advise you to phone if possible. However, you can also contact us by email. If emailing, please write 'Urgent – Evacuation/Repatriation' in the subject line.

Please contact us before talking to any providers, even if they approach you directly, to avoid excessive charges or unnecessary delays in the evacuation. In the event that evacuation/repatriation services are not organised by us, we reserve the right to decline the costs.

TERMS AND CONDITIONS OF YOUR COVER

TERMS AND CONDITIONS

This section describes the standard benefits and rules of your health insurance policy.

Your health insurance policy is an annual contract between us and the insured person(s) named on the Insurance Certificate. The contract is made up of:

- The **Benefit Guide** (this document), which explains the standard benefits and rules of your health insurance policy. It should be read together with your Insurance Certificate and Table of Benefits.
- The **Insurance Certificate**. This states the plan(s) chosen, the start date and renewal date of the policy (and effective dates of when dependants were added), and the geographical area of cover. If any other terms apply which are specific to your cover, these will be stated in the Insurance Certificate. They will also have been detailed on a Special Conditions Form which we send you before you're placed on cover. We'll send you an updated Insurance Certificate if you request a change which we accept, such as adding a dependant, or if we apply a change that we're entitled to make.
- The **Table of Benefits**. This shows the plan(s) selected, the benefits available to you, and states which benefits/treatments require submission of a Treatment Guarantee Form. It also confirms any benefits where specific benefit limits, waiting periods, deductibles and/or co-payments apply.
- Information provided to us by (or on behalf of) the insured person(s) in the signed Application Form, submitted Online Application Form, Confirmation of Health Status Form or others (we'll refer to all of these collectively as the "relevant application form") or other supporting medical information.

YOUR COVER EXPLAINED

The plans that you selected are indicated in your Table of Benefits, which lists all the benefits you are covered for and any limits that apply. For an explanation of how your benefit limits apply to your plan, please see the section “Benefit limits”.

Your benefits are also subject to:

- Policy definitions and exclusions (also available • in this guide).
- Any special conditions shown on your Insurance Certificate (and on the Special Condition Form issued before the policy comes into effect, where relevant).

What we cover

- The scope of what’s covered in your policy is set out on your Table of Benefits, Insurance Certificate, any policy endorsements, these policy terms and conditions and any other legal requirements. We will reimburse medical costs arising from the occurrence or worsening of a medical condition, in accordance with your Table of Benefits and individual terms and conditions.
- Within the scope of your policy, you are covered for medical treatment, costs, services or supplies that:
 - We determine to be medically necessary, appropriate for the patient’s condition, illness or injury.
 - Have a palliative, curative and/or diagnostic purpose.
 - Are performed by a licensed doctor, dentist or therapist.

Costs will be covered if they are reasonable and customary, this means that they are usual within the country of treatment. We will only reimburse medical providers where their charges are reasonable and customary and in accordance with standard and generally accepted medical procedures. If we consider a claim is inappropriate, we reserve the right to reduce or decline the amount we will pay.

- This policy does not cover any medical costs or benefit if doing so would violate any applicable sanction, law or regulations of the United Nations, European Union or any other applicable economic or trade sanction, law or regulations.

When cover starts

When you receive your Insurance Certificate, this is our confirmation that you’ve been accepted onto the policy. It will confirm the start date of your cover. Please note that no benefit will be payable under your policy until the initial premium has been paid, with subsequent premiums being paid when due.

If any of your dependants are included in your policy, they will be listed in the Insurance Certificate, along with the start date of their cover. They can remain on cover as long as you are the policyholder and as long as any children remain under the defined age limit. Children can stay on your policy until the day before their 18th birthday; or until the day before their 24th birthday if they are in full time education. After that point, they can apply for their own policy.

Benefit limits

The Table of Benefits shows two kinds of benefit limits:

- The **maximum plan benefit** (which applies to certain plans) is the maximum we will pay for all benefits in total, per member, per Insurance Year, under that particular plan.
- Some benefits also have a **specific benefit limit**, which may be provided on a “per Insurance Year” basis, on a “per lifetime” basis or on a “per event” basis (such as per trip, per visit or per pregnancy). In some instances, in addition to the benefit limit, we will only pay a percentage of the costs for the specific benefit e.g. “65% refund, up to £4,150/€5,000/US\$6,750/CHF 6,500”.

The amount we refund is subject to the maximum plan benefit (if one applies to your plan), even where:

- a specific benefit limit applies
- or where the term “Full refund” appears next to the benefit.

All limits are per member and per Insurance Year, unless your Table of Benefits states otherwise.

If you’re covered for maternity benefits, these will be stated in your Table of Benefits along with any benefit limit and/or waiting period which applies. Maternity benefits are paid on either a “per pregnancy” or “per Insurance Year” basis. Your Table of Benefits will confirm this.

If your maternity benefits are payable on a “per pregnancy” basis

When a pregnancy spans two Insurance Years and the benefit limit changes at policy renewal, the following rules apply:

- In year one – the benefit limits apply to all eligible expenses.
- In year two – the updated benefit limits apply to all eligible expenses incurred in the second year, less the total benefit amount already reimbursed in year one.
- If the benefit limit decreases in year two and we have already paid up to or over this new amount for eligible costs incurred in year one, we will pay no additional benefit in year two.

For multiple-birth babies born as a result of medically assisted reproduction, in-patient treatment is limited to £24,900/€30,000/US\$40,500/CHF39,000 per child for the first three months following birth. Out-patient treatment is paid under the terms of the Out-patient Plan.

CLAIMS AND TREATMENT GUARANTEE PROCESS

Medical claims

Before submitting a claim to us, please pay attention to the following points:

- **Claiming deadline:** You must submit all claims (via our MyHealth app or online portal) no later than six months after the end of the Insurance Year. If cover is cancelled during the Insurance Year, you should submit your claim no later than six months after the date that your cover ended. After this time, we are not obliged to settle the claim.
- **Claim Submission:** You must submit a separate claim for each person claiming and for each medical condition being claimed for.
- **Supporting documents:** When you send us copies of supporting documents (e.g. medical receipts), please make sure you keep the originals. We have the right to request original supporting documents/receipts for auditing purposes up to 12 months after settling your claim. We may also request proof of payment by you (e.g. a bank or credit card statement) for medical bills you have paid. We advise that you keep copies of all correspondence with us as we cannot be held responsible for correspondence that fails to reach us for any reason outside of our control.
- **Deductibles:** If the amount you are claiming is less than the deductible figure in your plan, you can either:
 - Collect all out-patient receipts until you reach an amount that exceeds this deductible figure.
 - Send us each claim every time you receive treatment. Once you reach the deductible amount, we'll start reimbursing you.

Attach all supporting receipts and/or invoices with your claim.

- **Currency:** Please specify the currency you wish to be paid in. On rare occasions, we may not be able to make a payment in that currency due to international banking regulations. If this happens, we will identify a suitable alternative currency. If we have to make a conversion from one currency to another, we will use the exchange rate that applied on the date the invoices were issued, or on the date that we pay your claim.
Please note that we reserve the right to choose which currency exchange rate to apply.
- **Reimbursement:** we will only reimburse (within the limit of your policy) eligible costs after considering any Treatment Guarantee requirements, deductibles or co-payments outlined in the Table of Benefits.
- **Reasonable and customary cost:** We will only reimburse charges that are reasonable and customary in accordance with standard and generally accepted medical procedures. If we consider a claim to be inappropriate, we reserve the right to decline your claim or reduce the amount we pay.
- **Deposits:** If you have to pay a deposit in advance of any medical treatment, we will reimburse this cost only after treatment has taken place.
- **Providing information:** You and your dependants agree to help us get all the information we need to process a claim. We have the right to access all medical records and to have direct discussions with the medical provider or the treating doctor. We may, at our own expense, request a medical examination by our doctors if we think it's necessary. All information will be treated confidentially. We reserve the right to withhold benefits if you or your dependants do not support us in getting the information we need.

Claims for accidental death

If the “Accidental death” benefit is included in your healthcare plan, the claim must be reported to us within 90 working days following the date of death of the insured person.

Please send us:

- A fully completed Life and Accidental Death Benefit Application Form.
- A death certificate.
- A medical report indicating the cause of death.
- A written statement outlining the date, location and circumstances of the accident.
- Official documentation proving the insured person’s family status (i.e. whether they are married or have children).
- For the beneficiaries, proof of identity as well as proof of their relationship to the insured person.

Beneficiaries are, unless otherwise specified by the insured:

- The insured person’s spouse or partner, if not legally separated.
- If there is no spouse, the insured person’s surviving children including step-children, adopted or foster children and children born less than 300 days after the date of the insured person’s death; in equal shares among them.
- If there are no children, the insured person’s father and mother, in equal shares between them, or to the survivor if one parent has died.
- Failing any of the above, the insured person’s estate.

If you wish to nominate a beneficiary other than those listed above, please contact our Helpline.

Please note that if the insured person and one or all of the beneficiaries die in the same incident, the insured person will be considered the last deceased.

Treatment needed as a result of someone else’s fault

If you are claiming for treatment that you need when somebody else is at fault, you must write and tell us as soon as possible. For example, if you need treatment following a road accident in which you are a victim. Please take any reasonable steps we ask of you to obtain the insurance details of the person at fault. We can then recover from the other insurer the cost of the treatment paid for by us. If you are able to recover directly the cost of any treatment which we have paid for, you will need to repay that amount (and any interest) to us.

Treatment Guarantee

Some of the benefits available to you need pre-authorisation. These are usually marked with a 1 or a 2 in your Table of Benefits. To get pre-authorisation, please send us a Treatment Guarantee Form.

Here are the treatments/benefits which normally need pre-authorisation. This may vary depending on your cover, so please check your Table of Benefits to confirm:

- All in-patient benefits¹ listed (where you need to stay overnight in a hospital)
- Day-care treatment²
- Expenses for one person accompanying an evacuated/repatriated person²
- Kidney dialysis²
- Long term care²
- Medical evacuation² (or repatriation², where covered)
- MRI (Magnetic Resonance Imaging) scan. Treatment Guarantee is only needed for MRI scans if you wish us to settle your bill directly with the hospital.
- Nursing at home or in a convalescent home²
- Occupational therapy² (only out-patient treatment requires pre-authorisation)
- Oncology² (only in-patient or day-care treatment requires pre-authorisation)
- Out-patient surgery²
- Palliative care²
- PET² (Positron Emission Tomography) and CT-PET² scans
- Preventative surgery²
- Rehabilitation treatment²
- Repatriation of mortal remains²
- Routine maternity², Routine delivery and newborn care², complications of pregnancy and childbirth² (only in-patient treatment requires pre-authorisation)
- Travel costs of insured family members in the event of an evacuation² (or repatriation, where covered)
- Travel costs of insured family members in the event of the repatriation of mortal remains².
- Travel costs to another Channel Island, the UK or to France²

Using the Treatment Guarantee Form helps us to settle your bill directly with hospitals, clinics and other medical facilities.

If you make a claim without obtaining Treatment Guarantee, the following will apply:

- If the treatment received is subsequently proven to be medically unnecessary, **we reserve the right to decline your claim.**
- For the benefits listed with a **1 in your Table of Benefits**, **we reserve the right to decline your claim.** If the treatment is subsequently proven to be medically necessary, we will pay **80%** of the benefit.
- For the benefits listed with a **2 in your Table of Benefits** **we reserve the right to decline your claim.** If the treatment is subsequently proven to be medically necessary, we will pay **50%** of the benefit.

PAYING PREMIUMS

Premiums for each Insurance Year are based on each member's age on the first day of the Insurance Year, their region of cover, the policyholder's country of residence, the premium rates in effect and other risk factors which may materially affect the insurance.

By accepting cover you have agreed to pay the premium amount shown on your quotation, by the payment method stated. You need to pay us in advance for the duration of your cover. The **initial premium** or first premium instalment is payable immediately after we accept your application. **Subsequent premiums** are due on the first day of the chosen payment period. You may choose between monthly, quarterly, half-yearly or annual payments depending on the payment method you choose. When you receive your invoice, please check that the premium matches the amount shown on your agreed quotation and contact us immediately if there is any difference. We are not responsible for payments made through third parties.

Your premium should be paid in the currency you selected when applying for cover. If you are unable to pay your premium for any reason, please contact us on:

 **+353 1 630 1301**

Changes in payment terms can be made at policy renewal, via written instructions, which must be received by us a minimum of 30 days prior to the renewal date. Failure to pay an initial premium or subsequent premium on time may result in loss of insurance cover.

If the initial premium is not paid in time, we are entitled to withdraw from the contract for as long as the payment remains outstanding. The insurance contract is deemed to be null and void unless we assert a claim to the premium in court within three months of the commencement date, the policy start date or the conclusion of the insurance contract. If a subsequent premium is not paid in time, we may, in writing and at the policyholder's expense, set a time limit of not less than two weeks for the policyholder to pay the amount due. Thereafter, we may terminate the contract in writing with immediate effect and will thereby be exempt to pay benefits.

The effects of termination will cease if the policyholder makes a payment within one month after the termination or, if the termination was combined with the setting of a time limit, within one month after the expiration of the time for payment, provided that no claims have been incurred in the intervening period.

Paying other charges

If applicable, you may also need to pay the following taxes in addition to your premium:

- Insurance Premium Tax (IPT)
- VAT
- Other taxes, levies or charges relating to your cover that we may have to pay or collect from you by law

These charges may already be in effect when you join but they could be introduced (or change) afterwards. Your invoice will show these taxes. If they change or if new taxes are introduced, we will write to inform you.

In some countries you may also be required to apply withholding tax. If that is the case, it is your responsibility to calculate and pay this amount to the relevant authorities in addition to payment of your full premium to us.

ADMINISTRATION OF YOUR POLICY

Adding dependants

You may apply to include any member of your family as a dependant by completing the relevant application form.

How do I add a newborn to my policy?

Please send an email to underwriting@allianzworldwidecare.com within four weeks from birth and attach the birth certificate. We will accept the baby without medical underwriting if the birth parent or intended parent (in the case of surrogacy) has been insured with us for a minimum of eight continuous months. Cover will start at birth.

What happens if I don't notify you within four weeks?

A newborn child will be underwritten and if accepted, cover will start from the date of acceptance.

What if I am adding multiple birth babies, adopted and fostered children?

Multiple birth babies, adopted and fostered children will be underwritten and if accepted, cover will start from the date of acceptance. Plus, in-patient treatment of multiple-birth babies born as a result of medically assisted reproduction is limited to £24,900/€30,000/US\$40,500/CHF39,000 per child for the first three months following birth. Out-patient treatment is paid within the terms of the Out-patient Plan.

Changes to policyholder

If a request is made at renewal to change the policyholder, the proposed replacement policyholder will need to complete an application form and full medical underwriting will apply. Please refer to the section on "Death of the policyholder or a dependant" if the requested change is due to the death of the policyholder.

Death of the policyholder or a dependant

We hope you will never need to refer to this section; however, if a policyholder or a dependant dies, please inform us in writing within 28 days.

If the policyholder dies, the policy will be terminated and a pro rata repayment of the current year's premium will be made if no claims have been filed. We may request a death certificate before a refund is issued. Alternatively, if they wish to, the next named dependant on the Insurance Certificate can apply to become the policyholder and keep the other dependants on their policy. If they apply to do this within 28 days, we will, at our discretion, not add any further special restrictions or exclusions that didn't already apply at the time of the policyholder's death.

If a dependant dies, they will be taken off the policy and a pro rata repayment of the current year's premium for that person will be made, if no claims have been filed. We may request a death certificate before a refund is issued.

Changing your level of cover

If you want to change your level of cover, please get in touch with us before your policy renewal date to discuss your options. Changes to cover can only be made at policy renewal. If you want to increase your level of cover, we may ask you to complete a medical history questionnaire and/or to agree to certain exclusions or restrictions to any additional cover before we accept your application. If an increase in cover is accepted, an additional premium amount will be payable and waiting periods may apply.

Changing country of residence

It is important to let us know when you change your country of residence. This may affect your cover or premium, even if you are moving to a country within your geographical area of cover, as your existing plan may not be valid there. Cover in some countries is subject to local health insurance restrictions, particularly for residents of that country. It is your responsibility to ensure that your health cover is legally appropriate. If you are not sure, please get independent legal advice, as we may no longer be able to cover you. The cover we provide is not a substitute for local compulsory health insurance.

Changing your postal address or email address

We will send all correspondence to the address we have on record for you unless requested otherwise. You need to inform us in writing as soon as possible of any change in your home, business or email address.

Correspondence

When you write to us, please use email or post (with the postage paid). We do not usually return original documents to you, but if you ask us to, we will.

Renewing your cover

Subject to "Reasons your membership would end", your policy will automatically renew at the end of every Insurance Year, if:

- The plan or plan combination selected is still available
- We can still provide cover in your country of residence
- All premiums due to us have been paid
- The payment details we have for you are still valid on the policy renewal date. Please update us if you get a new/replacement credit card or if your bank account details have changed.

As part of this automatic process, one month before the renewal date, you will receive a new Insurance Certificate along with details of any policy changes. If you don't receive your Insurance Certificate one month before your renewal date, please notify us.

Changes that we may apply at renewal

We have the right to apply revised policy terms and conditions, effective from the renewal date. The policy terms and conditions and the Table of Benefits that exist at renewal will apply for the duration of the Insurance Year. We may change the premium, benefits and rules of your membership on your renewal date, including how we calculate/determine premiums and/or the method or frequency of payment. These changes will only apply from your renewal date, regardless of when the change is made and we will not add any restrictions or exclusions which are personal to a member's cover in relation to medical conditions that started after their policy's inception, provided that they gave us the information we asked them for before incepting and they have not applied for an increase in their level of cover.

We will write to tell you about any changes. If you do not accept any of the changes we make, you can end your membership and we will treat the changes as not having been made if you end your membership within 30 days of the date on which the changes take effect, or within 30 days of us telling you about the changes, whichever is later.

Your right to cancel

You can cancel the contract in relation to all insured persons, or only in relation to one or more dependants, within 30 days of receiving the full terms and conditions of your policy or from the start/renewal date of your policy, whichever is later. Please note that you cannot backdate the cancellation of your membership.

Should you wish to cancel, please complete the "Right to change your mind" form which was included in your welcome/renewal pack. This form can be sent to us via email to:

@ underwriting@allianzworldwidecare.com

Alternatively, you can post this form to the Client Services Team, using the address provided at the back of this guide.

If you cancel your contract within this 30 day period, you will be entitled to a full refund of the cancelled member(s) premiums paid for the new Insurance Year, provided that no claims have been made. If you choose not to cancel (or amend) your policy within this 30 day period, the insurance contract will be binding on both parties and the full premium owing for the selected Insurance Year will be due for payment, according to the payment frequency selected by you.

Reasons your membership would end

Please remember that your membership (and that of all the other people listed on the Insurance Certificate) will end:

- If you do not pay any of your premiums on, or before, the date they are due. However, we may allow your membership to continue without you having to complete a Confirmation of Health Status Form, if you pay the outstanding premiums within 30 days after the due date.
- If you do not pay the amount of any IPT, taxes, levies or charges that you have to pay under your agreement with us on or before the due date.
- Upon the death of the policyholder. Please see the section on "Death of the policyholder or a dependant" for further details.
- If there is reasonable evidence that the policyholder or any dependants misled or attempted to mislead us. Examples are: giving false information, withholding pertinent information from us, working with another party to give us false information - either intentionally or carelessly - which may influence us when deciding:
 - whether we accept the application for cover
 - the applicable premium to pay
 - whether we have to pay a claim

Please see the section on "The following terms also apply to your cover" for further details.

- If you choose to cancel your policy, after giving us written notice within 30 days of receiving the full terms and conditions or from the start/renewal date of your policy, whichever is later. Please see section on "Your right to cancel" for further details.

If your membership ends for reasons other than for fraud/non-disclosure, we will refund any premiums you have paid which relate to a period after your membership has ended, subject to the deduction of any money which you owe us.

Please note that if your membership ceases, your dependant's cover will also end.

Policy expiry

Please note that upon the expiry of your policy, your right to reimbursement ends. For up to six months after the expiry date, we will reimburse any eligible expenses incurred during the period of cover. However, we will no longer cover any on-going or further treatment that is required after the expiry date of your policy.

THE FOLLOWING TERMS ALSO APPLY TO YOUR COVER

1. **Applicable law:**

- **If you live in the European Economic Area:** Your policy is governed by the laws and courts of your country of residence, unless otherwise required by law.
- **If you live outside of the European Economic Area:** Your policy is governed by the laws and courts of Ireland, unless otherwise required by law.

2. **Economic sanctions:** Cover is not provided if any element of the cover, benefit, activity, business or underlying business violates any applicable sanction law or regulations of the United Nations, the European Union or any other applicable economic or trade sanction law or regulations.

3. **The amounts we will pay:** Our liability to you is limited to the amounts indicated in the Table of Benefits and any policy endorsements. The amount reimbursed, whether under this policy, public medical scheme or any other insurance will not exceed the figure stated on the invoice.

4. **Who can make changes to your policy:** No one, except an appointed representative is allowed to make changes to your policy on your behalf. Changes are only valid when confirmed in writing by us.

5. **When cover is provided by someone else:** We may decline a claim if you or any of your dependants are eligible to claim benefits from:

- A public scheme
- Any other insurance policy
- Any other third party

If that is the case, you need to inform us and provide all necessary information. You and the third party cannot agree any final settlement or waive our right to recover expenses without our prior written agreement. Otherwise, we are entitled to get back from you any amount we have paid and to cancel your cover.

We have the right to claim back from a third party any amount we paid for a claim, if the costs were due from or also covered by them. This is called subrogation. We may take legal proceedings in your name, at our expense, to achieve this.

We will not make a contribution to any third-party insurer if the costs are fully or partly covered by that insurer. However, if our plan covers a higher amount than the other insurer, we'll pay the amount not covered by them.

6. **Circumstances outside our control (force majeure):** We will always do our best for you, but we are not liable for delays or failures in our obligations to you caused by things which are outside of our reasonable control. Examples are extremely severe weather, floods, landslides, earthquakes, storms, lightning, fire, subsidence, epidemics, acts of terrorism, outbreaks of military hostilities (whether or

not war is declared), riots, explosions, strikes or other labour unrest, civil disturbances, sabotage and expropriation by governmental authorities.

7. Fraud:

- a) The information you and your dependants give us, e.g. on the Application Form or supporting documents, needs to be accurate and complete. If it isn't correct or if you don't tell us about things that may affect our underwriting decision, it may invalidate your policy from the start date. You also need to tell us about any medical conditions that arise between completing the Application Form and the start date of the policy. Medical conditions that you don't tell us about will most likely not be covered. If you're not sure whether certain information is relevant to underwriting, please call us and we'll be able to clarify that. If the contract is rendered void due to incorrect disclosure or non-disclosure of any material facts, we will refund the premium amount(s) paid to date minus the cost of any medical claims already paid. If the cost of claims exceeds the balance of the premium, we will seek reimbursement of this amount from the principal member.
- b) We will not pay any benefits for a claim if:
- The claim is false, fraudulent or intentionally exaggerated.
 - You or your dependants or anyone acting on your or their behalf use fraudulent means to obtain benefit under this policy.

The amount of any claim we paid to you before the fraudulent act or omission was discovered will become immediately owing to us. If the contract is rendered void due to false, fraudulent, intentionally exaggerated claims or if fraudulent means/devices have been used, premium will not be refunded, in part or in whole, and any pending claims settlements will be forfeited. In the event of fraudulent claims, the contract will be cancelled from the date of our discovery of the fraudulent event.

- 8. Cancellation:** We will cancel the policy where you have not paid the full premium due and owing. We shall notify you of this cancellation and the contract shall be deemed cancelled from the date that the premium payment became due and payable. However, if the premium is paid within 30 days after the due date, the insurance cover will be reinstated and we will cover any claims which occurred during the period of delay. If the outstanding premium is paid after the 30-day limit, you must complete a Confirmation of Health Status Form before your policy can be reinstated, subject to underwriting.

- 9. Making contact with dependants:** In order to administer your policy, we may need to request further information. If we need to ask about one of your dependants (e.g. when we need to collect an email address for an adult dependant), we may contact you as the person acting on behalf of the dependant, and ask you for the relevant information, provided it is not sensitive information. Similarly, for the purposes of administering claims, we may send you non-sensitive information that relates to a family member.

- 10. Use of Medi24:** The Medi24 advice line and its health-related information and resources is extremely helpful, but it's not a substitute for professional medical advice or for the care that you receive from your doctor. It is not intended to be used for medical diagnosis or treatment and you should not rely on it for that purpose. Always seek the advice of your doctor before beginning any new treatment or if you have any questions about a medical condition. We are not responsible or liable for any claim, loss or damage directly or indirectly resulting from your use of Medi24 or the information or services provided by them. Calls to Medi24 will be recorded and may be monitored for training, quality and regulatory purposes.

Mediation

1. Any differences in respect of medical opinion in connection with the results of an accident or medical condition must be notified to us within nine weeks of the decision. Such differences will be settled between two medical experts appointed by you and us in writing.
2. If differences cannot be resolved in accordance with Clause 1 above, the parties will attempt to settle by mediation in accordance with the Centre for Effective Dispute Resolution (CEDR) Model Mediation Procedure any dispute, controversy or claim arising out of or relating to this Agreement or the breach, termination or invalidity thereof where the value is €500,000 or less and which cannot be settled amicably between the parties. The parties will endeavour to agree on the appointment of an agreed Mediator. If the parties fail to agree the appointment of an agreed Mediator within 14 days, either party, upon written notice to the other party, may apply to CEDR for the appointment of a Mediator.

To initiate the mediation, a party must give notice in writing (Alternative Dispute Resolution (ADR) Notice) to the other Party to the dispute, requesting mediation. A copy of the request should be sent to CEDR. The mediation will start no later than 14 days after the date of the ADR notice. No Party may commence court proceedings/arbitration relating to any dispute pursuant to this Clause 2 until it has attempted to settle the dispute by mediation and either the mediation has terminated or the other Party has failed to participate in the mediation (provided that the right to issue proceedings is not prejudiced by a delay). The mediation will take place in the country of the Applicable Law. The Mediation Agreement referred to in the Model Procedure will be governed by, and construed and take effect in accordance with the laws of the country of the Applicable Law. The Courts of the country of the Applicable Law will have exclusive jurisdiction to settle any claim, dispute or matter of difference which may arise out of, or in connection with, the mediation.

3. Any dispute, controversy or claim which is:

- Arising out of or relating to this Agreement (or the breach, termination or invalidity thereof) with a value in excess of €500,000, or
- Referred to mediation pursuant to Clause 2 but not voluntarily settled by mediation within three months of the ADR Notice date

will be determined exclusively by the Courts of the country of the Applicable Law and the parties will submit to the exclusive jurisdiction of those courts. Any proceedings brought pursuant to this Clause 3 will be issued within nine calendar months of the expiration date of the aforementioned three month period.

Legal action

You will not institute any legal proceedings to recover any amount under the policy until at least 60 days after the claim has been submitted to us and not more than two years from the date of this submission, unless otherwise required by mandatory legal regulations.

DEFINITIONS

The following definitions apply to the benefits in our Healthcare Plans and to some other commonly used terms. The benefits you are covered for are listed in your Table of Benefits. If any specific benefits apply to your plan(s), the definition will appear in the “Notes” section at the end of your Table of Benefits. Wherever these words/phrases appear in your policy documents, they will always have the following meanings:

A

Some plans may include a maximum co-payment per insured person, per Insurance Year and, if so, the amount will be capped at the figure stated in your Table of Benefits. Co-payments may apply individually to the Core, Out-patient, Maternity, Dental or Repatriation Plans,

or to a combination of these plans. For more information on co-payments, please refer to “What are deductibles and co-payments” section of this guide.

D

Deductible is that part of the cost that remains payable by you and that has to be deducted from the amount we will pay. Treatment may include pulpotomy or pulpectomy and the subsequent temporary fillings, limited to three fillings per Insurance Year. Treatment must take place within 24 hours of the emergency event. It does not include any form of dental prostheses, permanent restorations or the continuation of root canal treatment. following are not considered hospitals: rest and nursing homes, spas, cure-centres and health resorts.

Hospital accommodation refers to standard private or semi-private accommodation as shown in the Table of Benefits - deluxe, executive rooms and suites are not covered. The hospital accommodation benefit only applies when the hospitalisation is not related to any other in-patient benefit shown on the Table of Benefits. For example, if a member is hospitalised for cancer treatment, the hospital accommodation will be covered under the oncology benefit, and not under the hospital accommodation benefit. Examples of benefits that already include hospital accommodation (if included in your plan) are: Psychiatry and psychotherapy, Organ transplant, Oncology, Routine maternity, Palliative care and Long-term care.

Infertility treatment refers to treatment for the insured person including all invasive investigative procedures necessary to establish the cause for infertility such as hysterosalpingogram, laparoscopy or hysteroscopy. However, if there is a specific benefit for infertility treatment, we will cover the cost of treatment for the insured member who receives it, up to the limit indicated in the Table of Benefits. You cannot claim under your spouse/partner's cover (if they are included in the policy) for costs that exceed your benefit limit. In the case of InVitro Fertilisation (IVF), cover is limited to the amount specified in the Table of Benefits.

Medical evacuation applies in the following scenarios:

- If the necessary treatment you are covered for is not available locally
- If adequately screened blood is unavailable in an emergency

We will evacuate you to the nearest appropriate medical centre (which may or may not be in your home country) by ambulance, helicopter or aeroplane. The medical evacuation should be requested by your doctor, and will be carried out in the most economical way that is appropriate to your medical condition. Following completion of treatment, we will also cover the cost of your return trip at economy rates to your principal country of residence.

If you can't travel or be evacuated for medical reasons following discharge from an **in-patient episode of care**, we will cover the reasonable cost of hotel accommodation in a private en-suite room for up to seven days. We do not cover

costs for hotel suites, four or five-star hotel accommodation or hotel accommodation for an accompanying person.

If you are evacuated to the nearest appropriate medical centre for **ongoing treatment**, we will cover the reasonable cost of hotel accommodation in a private en-suite room. This cost must be more economical than the cost of a series of journeys between the nearest appropriate medical centre and your principal country of residence. Hotel accommodation for an accompanying person is not covered.

Where adequately screened blood is not available locally, we will, where appropriate, try to locate and transport screened blood and sterile transfusion equipment, if this is advised by the treating doctor and our own medical experts. We and our agents accept no liability if we are unsuccessful or if contaminated blood or equipment is used by the treating authority.

You must contact us at the first indication that you need an evacuation. From this point onwards, we will organise and coordinate the evacuation until you arrive safely at your destination of care. If evacuation services are not organised by us, we reserve the right to decline all costs incurred.

Following completion of treatment, we will also cover the cost of your return trip at economy rates, to your principal country of residence. The return journey must take place within one month after treatment has been completed.
