Purpose and Benefit of this Handbook

This handbook has been prepared to inform you about Baptist Health's history, philosophy, employment practices and policies, the benefits provided to you as a valued employee and the conduct expected from you.

We ask that you read this handbook carefully, and refer to it whenever questions arise. No employee handbook can ever answer every question, nor would we want to restrict the normal flow of questions and answers. It is through person-to-person conversations that we can better know each other, express our views and work together in a collaborative relationship. Therefore, please don't hesitate to ask questions. Your manager will gladly answer them.

Policies and procedures are subject to change at the discretion of Baptist Health to reflect changing business conditions.

You can find updated Human Resources policies, as well as other policies, on Baptist Health's intranet Sun Page under Policy Administration Management.

The Purpose of the Pineapple

The pineapple became a symbol of hospitality in Europe during the Italian Renaissance period. American inn-keepers later adopted the European custom of putting pineapples on their doors, and visitors to these inns found themselves in friendly and comfortable surroundings. The pineapple is the symbol of Baptist Health's hospitality and commitment to service excellence.

Our Mission

The mission of Baptist Health is to improve the health and well-being of individuals, and to promote the sanctity and preservation of life in the communities we serve. Baptist Health is a faith-based organization guided by the spirit of Jesus Christ and the Judeo-Christian ethic. We are committed to maintaining the highest standards of clinical and service excellence, rooted in the utmost integrity and moral practice. Consistent with its spiritual foundation, Baptist Health is dedicated to providing high-quality, cost-effective, compassionate healthcare services to all, regardless of religion, creed, race or national origin, including, as permitted by its resources, charity care to those in need.

Our Guiding Principle

Through our compassionate healthcare services, we seek to reveal the healing presence of God.

Our Vision

Baptist Health will be the preeminent healthcare provider in the communities we serve - the organization that people instinctively turn to for their healthcare needs. Baptist Health will offer a broad range of clinical services that are evidence based and compassionately provided to ensure patient safety, superior clinical outcomes and the highest levels of satisfaction with a patient- and family-centered focus. Baptist Health will be a national and international leader in healthcare innovation.

Our Values

People | Our greatest asset: our employees, physicians, Board members and volunteers

Compassion | For those we serve

Excellence | In all we do: customer service, patient care, relationships and organizational performance

Integrity and Transparency | In all our actions and decisions

Belief | In our faith-based heritage and mission

Stewardship | To manage resources prudently and ethically to ensure the future ability to fulfill our mission.

Maintaining the Baptist Health Culture

Baptist Health is proud to be union-free. Our policies and programs are designed to meet the needs of our employees by providing a positive environment where each employee enjoys maximum opportunity for open communication, conflict resolution and job satisfaction. We believe that our employees, patients, community and organization are best served when we deal directly with our employees rather than through a third party.

Policy Prohibiting Harassment and Discrimination

Baptist Health is committed to providing an environment where employees are treated with dignity and respect, and where the environment is free from all forms of harassment or discrimination, so that employees can perform effectively and experience personal and professional satisfaction from their work.

Baptist Health expressly prohibits, and has a zero tolerance for, any form of unlawful harassment or discrimination based upon race, color, religion, ancestry, sex, pregnancy, national origin, age, handicap/disability, marital status, familial status, genetic information with respect to the applicant or employee, sexual orientation, or any other classification protected by applicable federal, state or local law.

[\(See BHSF-HR Policy #5075, Policy Prohibiting Harassment and Discrimination\)](#)

Accommodations for Applicants and Employees With Disabilities

Baptist Health is committed to providing access to applicants and employees with disabilities. To that end, Baptist Health will provide reasonable accommodations in the workplace for qualified individuals with disabilities, unless to do so would result in an undue hardship to Baptist Health, or would pose a direct threat to the health or safety of employees or patients of Baptist Health.

[\(See BHSF-HR Policy #1500, Accommodations for Applicants and Employees With Disabilities\)](#)

Performance Expectations

You and your leader will discuss your duties and how to do them promptly, correctly, courteously and professionally. As an employee, you are expected to follow all policies and standards set forth by Baptist Health.

[\(See BHSF-HR Policy #5250, Employee Conduct and All Baptist Health Service Standards\)](#)

Employee Conduct

Trust and respect are freely given to all Baptist Health employees in the expectation they will conduct themselves with honesty, integrity, maturity and exhibit a commitment to professional performance. This policy establishes standards that form the foundation of acceptable conduct throughout Baptist Health. Employee behavior inconsistent with the standards in this policy is subject to the Corrective Action process.

[\(See BHSF-HR Policy #5250, Employee Conduct\)](#)

Employee Attendance

Absenteeism and tardiness can adversely affect our ability to serve our patients, their families and the community. For these reasons, excessive absenteeism and tardiness will be addressed through the Corrective Action process.

[\(See BHSF-HR Policy #5400, Guidelines for Employee Attendance\)](#)

Corrective Action: Non-management Employees

Self-discipline is the best form of discipline, and is expected in our organization. Baptist Health expects its employees to commit themselves to perform well and responsibly and to exhibit positive self-discipline in their work.

Employees whose performance and/ or conduct is unacceptable will be counseled. Depending upon the circumstances of the performance and/or conduct deficiency, the leader may skip one or more of the following in the four-step Corrective Action process:

[\(See BHSF-HR Policy #5300, Corrective Action\)](#)

Preventing Workplace Violence

Baptist Health has a zero tolerance of violent or threatening conduct in the workplace. Threats, threatening language or any other acts of aggression or violence made toward or by anyone will not be tolerated.

A grievance process is available to employees whose dispute and/or complaints have not been resolved to the employee's satisfaction by the employee's immediate leader or for employees who choose to directly make use of the formal grievance process.

Any employment decision made as a result of an incident of workplace violence is disqualified from consideration in the grievance process, and performance evaluations scored overall as 'Fully Meets or Exceeds Expectations' do not qualify for the grievance process. During the Introductory Period, employees are not eligible to use the Resolution of Grievance policy and procedures.

[\(See BHSF-HR Policy #5200, Resolution of Grievances\)](#)

Baptist Health is committed to ensuring our employees are paid correctly and timely in accordance with all state and federal laws. It is your responsibility to review your pay statements for completeness and accuracy. If for any reason you believe your pay statement is not accurate, please contact your supervisor immediately.

How We Determine Your Pay

Your pay is influenced by several factors, including the nature and scope of your job, what other employers pay their employees for comparable jobs and individual performance.

Payday

Payday at Baptist Health is every other Thursday. Your check reflects the 14-day period ending on the Saturday before you are paid. You can choose either direct deposit or have a check mailed to your home. Refer to your New Employee Orientation Resource Guide or the intranet for the payroll calendar.

Paycheck

Each paycheck will include the hours you worked during the pay period, your earnings for those hours, amount taken out for Social Security and taxes, your current rate of pay, your Paid Time Off (PTO) balance and detailed deductions for the pay period and year-to-date. Please review your paycheck in Employee Self Service (ESS) every payday to ensure it is correct.

Payroll Deductions

Required deductions include Federal Income Tax (FIT) and Federal Insurance Contribution Act (FICA-Social Security). Voluntary deductions include medical, dental and other benefits, Credit Union loan payments or savings plans, retirement contributions, gift shop and food purchases, Florida Prepaid College Plan and tuition payments to the Early Learning Centers.

Hours of Work

Baptist Health cares for patients every day of the year, 24 hours a day. The standard workweek begins at 12:01 a.m. on Sunday and ends at midnight the following Sunday. The standard work day begins at 12:01 a.m. and ends 24 hours later. A regularly scheduled, full-time shift is normally 8 ½ hours long, including an unpaid 30-minute meal period. Please check with your leader for your specific schedule and clock in and out according to your scheduled work time.

Uninterrupted Meal Breaks

Baptist Health automatically deducts 30 minutes from nonexempt employees' time after 5.5 hours of compensable working time for an uninterrupted meal break. An uninterrupted meal break means that the employee is completely relieved of work duties during the 30-minute meal break. Any employee who is unable to take a 30-minute uninterrupted meal break during his or her shift must document the fact that he or she did not receive a 30-minute uninterrupted meal break as set forth in the Uninterrupted Meal Breaks Policy.

[\(See BHSF-HR Policy #2295, Uninterrupted Meal Breaks\)](#)

Performance Evaluation

Performance evaluations are conducted on an annual basis. Our ongoing evaluation system provides the opportunity for a review to discuss progress, goals and job performance.
