Benefits, Wellness & Compensation

From compensation and benefits to wellness and on-site childcare, we aim to support your commitment to your job as well as your priorities and interests outside of work.

Compensation

Your compensation will be reviewed annually and may consist of salary, discretionary compensation, and certain local allowances, where applicable. Compensation is determined by a number of factors, including the firm's performance, divisional performance and individual performance. We spend a great deal of time ensuring that people are compensated appropriately and we aim to provide highly competitive pay levels over the long term.
