Support for your health, wealth & life.

RRD has you covered with a variety of benefits to support your health, financial well-being and life. During Annual Enrollment, we encourage you to review your benefits and make the best choices for you and your family for the coming year. We also encourage you to take time to understand how your benefits work, so you can use them to live your best life.

Your *2022 Benefits Enrollment Guide* provides an overview of your benefit options. Please review it carefully. To see what you will pay for coverage in 2022, refer to the **enrollment website**, which also has tools to help you compare and choose the options that are right for you.

Remember, Annual Enrollment is your only chance to choose your 2022 benefits unless you experience a life event or qualified status change (e.g., marriage, divorce, birth of a child) during the year.

Enrolling for Benefits

Before You Enroll

Read your enrollment materials.

Check out your **2022 Enrollment Highlights Guide** for a list of what's new and changing for 2022 and this Enrollment Guide to understand your benefit options.

Decide who will be covered by your benefits.

Your eligible dependents include:

- Your legal spouse (including your common-law spouse in states that recognize common-law marriages) or domestic partner
- Your children up to age 26
- Your disabled child of any age who is unable to care for himself/herself (see the **Medical SPD – Plan Administration Information Booklet** for further details)

For more details, refer to the applicable **Summary Plan Description (SPD)**, **any related Summary of Material Modifications (SMM)** and, in some cases, the **insurance certificate** for each benefit.

Get help to make informed decisions about your benefits.

On the **enrollment website**, use the "Ask Emma" virtual assistant to view your costs, compare your options, and help you choose the benefits that are right for you and your situation. Emma will guide you through the enrollment process by asking you a few simple questions, and she'll suggest options based on your responses and individual needs.

SUPPORT FOR Your Health

Medical & Prescription Drug Benefits

You have six National Medical Program options provided by Blue Cross and Blue Shield of Illinois (BCBSIL), including two new National Medical Program options: HSA Select and Copay Select (offered in limited areas in 2020 as Copay Value Select).

The HSA Select and Copay Select options are high-performance network options, which means providers consistently deliver high-quality, cost-effective patient care. They will be offered in areas where there is a substantial number of providers in a special network called the Blue High Performance Network.

These options have a lower price tag than the Advantage options and a richer plan design, but they offer **no out-of-network coverage** other than for emergencies. Please review the provider listing carefully. If these options are available to you, you will see them listed when you log in to the enrollment website.

All medical options include:

- **Health Advocacy Solutions**, a concierge service from BCBSIL to help you navigate health care decisions and save time and money
- In-network preventive care covered at 100% (with no deductible)
- Prescription drug coverage through CVS Caremark
- Telemedicine through MDLIVE
- 100% coverage for certain generic cholesterol and blood pressure medications
- 100% coverage for diabetes supplies and insulin listed on the CVS formulary

Learn more about all these benefits and other resources available to support you at myRRDbenefits.com.

I'll never forget our last vacation. Our son had recently been diagnosed with diabetes, and we decided to go to the beach for a few days to relax. When we had an unfortunate surprise, **my health advocate came to our rescue.**"

Use In-Network Providers

If you elect the HSA Select or Copay Select National Medical Program option, you must use providers in the [Blue High Performance Network \(HPN\)](#). Out-of-network care is covered **only** for emergencies.

With the other National Medical Program options, you can use in-network or out-of-network providers, but you will save money when you use in-network providers. Always make sure your providers are in-network by calling the number on the back of your ID card prior to receiving services or call your physician's office to verify they are participating in the network.

Get Your Preventive Care

It's 100% covered by your RRD Medical Program option when you see an in-network provider. An annual preventive care visit includes age- and gender-based screenings that can help you manage risk factors and detect any health issues early — before they become more expensive and difficult to treat. BCBSIL Program Requirements for Cost-Effective Health Care

To help you get the best care at the best price, BCBSIL will **require** you do the following starting January 1, 2022:

- **Contact a health advocate** prior to receiving an MRI or CT scan, or pay a \$200 penalty. A health advocate will help you compare service locations and costs so you can make an informed decision about your care. You may also go online to **Blue Access for Members**.
- **Use a “Blue Distinction Specialty Care” facility** for these five surgical specialties: bariatric, cardiac, knee and hip replacement, spine and transplant surgeries. Blue Distinction facilities are recognized for delivering higher-quality care. If you choose not to use a Blue Distinction Specialty Care facility, you will pay higher coinsurance: 60% for the HSA Advantage and Copay Advantage National Medical Program options, and 55% for HSA Value and Copay Value National Medical Program options. Higher coinsurance doesn't apply to the HSA Select or Copay Select National Medical Program options.
- **Receive prior authorization** for radiation therapy (proton treatment, radiation treatment, etc.).

For more details about these requirements and the additional costs you'll avoid by following them, contact a health advocate at **1-800-537-9765**.

How to Use Your Prescription Drug Benefits

Your prescription drug coverage through CVS Caremark gives you flexibility and opportunities to save money.

- You can fill non-maintenance medication prescriptions at any pharmacy, including pharmacies other than CVS. To find a local pharmacy in your network, register at **caremark.com** or download the CVS Caremark app to access the pharmacy search tool.
- You must use the CVS Caremark Maintenance Choice Program or Mail Order Service to fill your maintenance medication prescriptions. For more information, visit **caremark.com** or call **1-866-273-8402**.
- You can access CVS Caremark prescription drug services anytime, anywhere through the CVS Caremark mobile app or **caremark.com** to:
 - Save money,
 - Fill new prescriptions and refills,
 - Find a network pharmacy,
 - Monitor your spending,
 - Set up medication reminders,
 - Understand your prescription drug benefits and more.

I'm glad I used a Blue Distinction Specialty Care facility for my hip replacement surgery. I received exceptional care and results."

I received a letter in the mail from Rx Savings Solutions that said I could **save money on my prescriptions** and have them delivered. It sounded too good to be true, but I called. I was able to lower my cost from \$100 down to \$30 — and I got it done in one call.”

NEW! PrudentRx Copay Program for Specialty Medications — \$0 Copay!

You will be automatically enrolled in PrudentRx. If you enroll in one of the Copay medical options (Copay Value, Copay Select or Copay Advantage), you will have access to the PrudentRx Copay Program as part of your prescription drug coverage through CVS Caremark.

This is a **FREE** program, you'll pay \$0 for covered specialty medications filled at CVS Specialty Pharmacy. The PrudentRx Copay Program currently targets specialty medications in the following therapy classes: hepatitis C, autoimmune, oncology and multiple sclerosis. If you currently take medication included in the Prudent's exclusive specialty drug list, you'll receive a welcome letter and phone call from PrudentRx.

If you want to opt out of the Copay Program, you must call **1-800-578-4403** to disenroll. If you disenroll, then you will be responsible to pay 30% coinsurance for any specialty medications you take that are eligible for the Copay Program. **If you are required to pay this 30% coinsurance for a specialty medication that is considered a “non-essential health benefit,” then you will be required to continue paying this amount even if you've otherwise met the Plan's out-of-pocket maximum.** See [pages 7-9](#) for more information about the applicable copay or coinsurance for specialty medications under each National Medical Program option. [Learn more.](#)

Save on Prescription Medications with Rx Savings Solutions

“

You can never be fully prepared for a major illness or accident, but **supplemental insurance coverage gives me peace of mind** that I am financially prepared.”

Supplemental Health Care Benefits

Supplemental health care benefits can complement your RRD medical coverage by providing cash benefits if you or a covered family member gets sick or injured.

You may elect additional insurance protection from MetLife during Annual Enrollment. These benefits are entirely optional and are not sponsored by RRD. You may pay for them through payroll deductions on an after-tax basis.

Accident Insurance

You receive a lump-sum payment when you or a covered family member suffers a covered injury or undergoes covered testing, medical services or treatment. There are more than 150 covered conditions associated with an accident that could trigger benefits, including various injuries, hospitalization, medical services and treatments. Payments are made directly to you and can be used any way you see fit.

NEW!

This benefit has been enhanced to include coverage for on- and off-the-job accidents, plus a higher cash benefit for certain accidents (puncture wounds and occupational HIV/hepatitis, for example), as well as payouts for care at home or a skilled nursing facility, and an increase in benefits if an injury is sports-related.

Continued on next page

Critical Illness Insurance

You receive a lump-sum payment of \$10,000, \$20,000 or \$30,000 if you or a covered family member is diagnosed with a serious illness such as cancer, heart attack or stroke. The total benefit amount available to you is five times the initial benefit amount (\$50,000, \$100,000 or \$150,000) if you or a covered family member suffers more than one covered condition.

NEW! MetLife has added coverage for more **conditions**, including benign brain tumor, coma, paralysis of two or more limbs, ALS, multiple sclerosis, muscular dystrophy, advanced Parkinson's disease, childhood cerebral palsy, cystic fibrosis, type 1 diabetes and more.

Hospital Indemnity Insurance

If you or a covered family member is hospitalized due to a covered event, you receive a flat amount when you are admitted and a per-day amount for up to a 30-day hospital stay for each covered event. Payment can be used to help pay out-of-pocket costs, such as health insurance deductibles and copays, or any way you see fit.

SUPPORT FOR Your Wealth

Health Savings Account (HSA)

An HSA is a tax-free account that lets you save money to pay for eligible health care expenses now and in the future. You are eligible for an HSA if you enroll in the HSA Value, HSA Select or HSA Advantage medical option (and you don't have any disqualifying medical coverage).

How an HSA Works

1

Enroll

Your HSA will be automatically opened for you with HealthEquity (our HSA custodian) when you enroll in the HSA Value, HSA Select or HSA Advantage medical option.

2

Pay for Eligible Expenses Tax Free

You can use your HSA to help pay for eligible health care expenses (including your deductible and coinsurance) now and/or in the future.

3

Contribute Tax Free

You can make tax-free contributions to your HSA, up to IRS limits. You may contribute via pre-tax payroll deductions to an account with HealthEquity, and/or you may make direct contributions on your own to an account with HealthEquity (or any other HSA custodian), and claim a deduction for those contributions on your income taxes.

4

Invest in Your Future

Your account is in your name and is yours to keep — even if you change Medical Program options, change jobs or retire. Any money left in your HSA at the end of the year carries over for future use, and your money grows tax-free while it's in your account. Plus, you may invest your account balance (\$1,000 or more) in a choice of investment options.

“

I've had an HSA for several years, and I always try to save as much as I can. The tax advantages can't be beat, and **I like having the flexibility to use my HSA** to pay for my health care expenses now or save it for my future health care expenses.”

2022 HSA Contribution Limits

Employee only coverage:

\$3,650 (\$50 more than 2021)

All other coverage categories:

\$7,300 (\$100 more than 2021)

Catch-up Contribution:

\$1,000 (If you are or will be age 55 or older in 2022 and not enrolled in Medicare)

For more information about eligibility, disqualifying coverage, and opening and using an HSA, review the **2022 Enrollment Highlights Guide** and **Guide to Your Health Savings Account**, IRS publication 969 at [irs.gov](https://www.irs.gov), or visit healthequity.com/HSA.

Life & Accident Insurance

Life and accident insurance provide important financial protection if something happens to you, your spouse/domestic partner or child(ren).

Employee Life Insurance

Basic employee life insurance provided through MetLife is automatic, and RRD pays the full cost of your coverage. If you die, your beneficiary receives one times your annual base pay, up to a maximum benefit of \$125,000 in accordance with Plan provisions.

Optional Employee Life Insurance

You may purchase optional employee life insurance from one to eight times your annual base pay, up to a combined benefit (basic and optional) of \$2 million. If you die, the Program pays a benefit to your designated beneficiary in accordance with Plan provisions. Your premium for coverage is based on your age, smoker status and coverage amount. As your coverage amount or age increases, so do your premiums.

Optional Spouse/Domestic Partner & Child Life Insurance

You may purchase spouse/domestic partner and child life insurance coverage for your eligible dependents. If your covered eligible spouse, domestic partner or child(ren) dies, the Program will pay the life insurance benefit in accordance with Plan provisions. You cannot cover another employee as a spouse/domestic partner or child under the Life and Accident Insurance Program. The same dependent cannot be covered by more than one RRD employees (e.g., two parents who are both RRD employees cannot both cover the same child(ren) under the Plan provisions; only one employee may cover the child(ren).

If you and the child's other parent are both employees of RRD and if a covered dependent child dies, this policy will only pay the death benefit once and to one parent. See the applicable **Certificate of Insurance** for more information.

Married employees cannot both cover their child(ren) under the Plan provisions; only one employee may cover the child(ren).

Optional AD&D Insurance

You may purchase optional AD&D insurance for yourself and your family. The Program pays a benefit of one to eight times your annual base pay, up to \$2 million for yourself, in accordance with Plan provisions, for accidental death and certain other losses. The amount a beneficiary would receive on claim approval differs for an employee and covered eligible dependents:

- **If you enroll for spouse/domestic partner coverage**, the benefit amount for an eligible spouse/domestic partner is 60% of the employee's amount (up to \$750,000).
- **If you enroll for child(ren) coverage**, the amount for an eligible dependent child is 25% of the employee's amount (up to \$150,000).

To learn more, review the SPD and any related SMMs at **myRRDbenefits.com**. To view your cost for optional life and accident insurance, log in to the **enrollment website**.

Providing Evidence of Insurability (EOI)

- If you elect or increase optional employee life insurance, you must provide EOI.
- If your spouse/domestic partner is newly eligible for life insurance, EOI is required for coverage amounts over \$25,000. Current spouse/domestic partner participants and those who previously waived coverage must provide EOI for increased coverage amounts.
- EOI is not required for optional AD&D insurance or optional child life insurance.

IMPORTANT!

Check Your Beneficiaries

Death can be unexpected. Protect your family and your money by making sure your beneficiary designations are up to date on the **enrollment website**. If your beneficiaries are not updated or listed, your loved ones might not have access to your life insurance benefits when they're needed most.

Monthly LTD benefits continue until the earlier of age 65 or the date you are no longer disabled according to the Program.
