See pages 10 and 11 to learn more.

What's New for 2021

You've gone above and beyond. It's our turn to do the same. Our approach to our 2021 benefits offering has focused on **taking care of the whole you**. Read on for information about benefit enhancements and other changes.

Medical and Prescription Drug Coverage

For 2021, WFM will continue to offer the Whole Health Plan. Turn to page 12 to learn more.

Electing Medical Coverage if You Are Not Currently Enrolled

If you are not currently enrolled in WFM medical coverage for 2020, you **will not be automatically enrolled in medical coverage for 2021**. If you wish to receive WFM medical coverage in 2021, you must actively elect coverage in Workday during the Annual Enrollment period. Learn more about enrolling in benefits on page 10.

Increase to Annual Deductibles for Expanded and Out-of-Network Dependent Coverage Tiers

If you elect the Whole Health Plan and cover dependents, the in-network Expanded Tier annual deductible will be \$5,250 and the out-of network annual deductible will be \$10,500. **The Preferred Tier annual deductible will not change in 2021 for individuals or covered dependents**. Review how the medical plan covers services on page 12.

Get Preventive Drugs Before Deductible

Starting in January, you'll be able to obtain certain preventive medications that won't be subject to the deductible, meaning you'll pay the applicable coinsurance regardless of whether you've met your deductible. The preventive drug list will be posted on Innerview.

2021 Contributions

See below for changes to your 2021 contribution rates. For all contribution rates, turn to page 25.

Medical Plan Contribution Changes

In 2021, medical plan contributions for dependent tiers will increase to better align with our industry. In 2021, dependent tier medical plan contributions for two service hour tiers — 4,000 – 19,999 and 20,000 – 39,999 — will increase.

Lower Dental and Vision Plan Contributions

In 2021, dental and vision contributions will be less than they were in 2020, making these coverages more affordable to Team Members.

New Tobacco Cessation Program Deadline

If you are currently a tobacco user who plans to quit, be sure you complete the tobacco cessation program by **March 31, 2021** in order to receive a refund for the tobacco user surcharge you paid on your medical plan contributions for January, February and March.

If you complete the tobacco cessation program on or after April 1, 2021, you will begin paying non-tobacco user contribution rates for your medical plan coverage on the first of the following month; however, you will not receive a refund for any previous surcharge payments.

For information about the tobacco cessation program, visit Innerview.

Health Care Funding Accounts

When you enroll in the Whole Health Plan, you have the option to choose a Health Care Funding Account: a Health Savings Account (HSA) or a Personal Wellness Account (PWA). See what's new with these accounts below and get more details starting on page 16.

Increase to IRS Maximum Contribution to the HSA

The IRS maximum contribution limit for 2021 is increasing. WFM's contribution counts toward this maximum. Refer to the table below to see how much you can contribute to your HSA. Note: It is your responsibility to ensure that you are eligible to contribute to the HSA and do not contribute more than the IRS annual maximum contribution amount. See page 17 for HSA eligibility rules.

Whole Health Plan Coverage Level	IRS Maximum Contribution	WFM's Contribution	Your Maximum Contribution
Team Member Only	\$3,600	\$1,300	\$2,300
Team Member Plus Dependents	\$7,200	\$1,800	\$5,400

If you are age 55 or reaching age 55 during the year, you can make an additional catch-up contribution of \$1,000.

Planning to Choose the Whole Health Plan with HSA in 2021? Read This!

If you were enrolled in the Whole Health Plan and elected the PWA in 2020, but plan to choose the HSA in 2021, it's important to note that an HSA-Compatible PWA will automatically be opened for you to be used for eligible dental and vision expenses going forward. Any remaining balance in your 2020 PWA will be rolled into an HSA-Compatible PWA, and the funds will be available to you after January 8, 2021. The deadline to file 2020 claims for PWA expenses is January 31, 2021. After this date, funds will be eligible for dental and vision expenses only.

Vision Coverage

See below for the enhancements to the vision plan and learn more about the plan on page 19.

Increase to In-Network Frames and Contact Lens Allowances

When you receive care at a VSP provider, you will get more for your money in 2021:

- **Frames Retail Allowance:** \$200
- **Contact Lens Allowance (includes fitting and evaluation):** \$200

New Lens Option

A UV protection lens option will be available in 2021. See how the vision plan covers UV protection lenses on page 19.

Flexible Spending Accounts

You'll continue to be able to contribute to Flexible Spending Accounts (FSAs) in 2021. See what's new below and learn more about FSAs on page 20.

Increase to Health Care FSA and HSA-Compatible FSA Contribution Limits

- **Health Care FSA:** If you enroll in the Whole Health Plan with PWA or waive medical coverage, you may contribute up to \$2,750 to the Health Care FSA.
- **HSA-Compatible FSA:** If you enroll in the Whole Health Plan with HSA, you may contribute up to \$2,750 to an HSA-Compatible FSA to be used for eligible dental and vision expenses only.

Income Protection Benefits

Learn about changes to your income protection benefits below and get the details starting on page 21.

It's important to note that contributions for Voluntary Life Insurance, Short-Term Disability and Long-Term Disability will be deducted from your paycheck on a pre-tax basis in 2021, which helps to reduce your taxable income.

Introducing Team Member Basic Life and Accidental Death and Dismemberment (AD&D) Insurance

To provide additional income protection to you and your family, WFM will offer company-paid Basic Life Insurance and Basic AD&D Insurance to Team Members who elect Team Member Voluntary Life Insurance in 2021. When you elect any amount of Team Member Voluntary Life Insurance, WFM will provide Basic Life Insurance coverage equal to 1x your annual earnings, up to a maximum of \$300,000, at no cost to you. Learn more on page 21.

Pay Less for Short-Term Disability and Long-Term Disability Coverage

In 2021, WFM will pay 50% of the total cost of Short-Term Disability (STD) and Long-Term Disability (LTD) to help make these coverages more affordable to you and offer additional peace of mind. Review your STD and LTD options on page 22 and your contribution rates for these benefits on page 26.

Enhanced Short-Term Disability Benefit

WFM is eliminating the previously offered STD Plus option for 2021 and increasing the STD benefit to be greater than both the 2020 STD and STD Plus benefits.

In 2021, the STD benefit will pay 60% of your base weekly earnings, up to a maximum of \$1,500 per week.

Learn more on page 22.

Consider Your Needs for 2021

Annual Enrollment is a great opportunity for you to consider your current benefits coverage and whether it has met the needs of you and your family. Think about the upcoming year and the potential care or services you or your dependents may need. Then, determine if you would like to make any changes to better suit your needs.

It's also a good time to ensure your beneficiary information is accurate and up-to-date. Log in to Workday today to view your current information.

Benefits Enrollment

Get details on when and how to enroll for benefits here.

When to Enroll

It's important to know when you're able to elect or change your benefits so you can plan accordingly. In general, benefit elections made during Annual Enrollment are effective January 1 and remain in effect for the entire calendar year, unless you experience a qualified life event. See page 11 for more information.

2021 Annual Enrollment

Annual Enrollment begins on **October 19 and ends on November 6**. See below for guidance on what happens if you do not take action during Annual Enrollment. You will not be able to change your benefits during the year unless you experience a qualified life event such as marriage, divorce or the birth/adoption of a dependent child.

If You Do Not Take Action During Annual Enrollment

If you currently have WFM coverage and do not elect your benefits during Annual Enrollment, you will receive the same coverages you have today at the 2021 contribution rates, except you will not be able to contribute to an FSA or an HSA.

If you do not currently have WFM coverage and do not actively elect your benefits during Annual Enrollment, you **will not have any coverage** in 2021.

Making Changes During the Year

Once you elect benefits during Annual Enrollment, they will remain effective through the end of the next calendar year, unless you have a qualified life event as defined by the IRS, such as:

- Marriage, divorce, legal separation or annulment
- Birth, adoption or placement of a child for adoption
- Your spouse acquires or loses coverage through his/her employer
- Your child gains or loses eligibility for your coverage
- A change in your place of residence that causes a loss or gain of coverage

When you have a major life event that can affect your coverage, you have 30 calendar days after the event to make changes to your benefits that are consistent with the applicable life event.

How to Enroll

Step 1: Log in to Workday.

Step 2: Click *Workday Inbox > Annual Enrollment*.

Step 3: Enroll in the benefits that will best meet your and your family's needs and preferences for the upcoming year.

Step 4: Review and submit your elections. Be sure to **enroll by Friday, November 6** by 7:00 pm CT!

Medical and Prescription Drug

WFM offers medical coverage through the Whole Health Plan.

When you enroll in the Whole Health Plan, you get to choose the type of Health Care Funding Account to be paired with it: a Personal Wellness Account (PWA) or a Health Savings Account (HSA). How the Whole Health Plan Works

To help you understand how the Whole Health Plan works along with the Health Care Funding Account you choose, review the information below.

<div>Preventive Care (Covered at 100%)</div> <div></div>	<p>The plan provides preventive care, such as annual physicals and screenings, at no cost to you and your family when you use an in-network provider (subject to certain guidelines).</p>	
<div>Annual Deductible*</div> <div></div>	<p>You pay the full cost of covered services (including prescription drugs) until you reach the deductible. If you enroll any dependents, the family deductible must be met before the plan begins to pay benefits for any person.</p>	<div>HSA or PWA</div> <p>You can use the money WFM contributes to your Health Care Funding Account (\$1,300 for individual/\$1,800 for family) to pay for health care expenses that are subject to the deductible, your coinsurance and other qualifying health care expenses not covered by the plan.</p>
<div>Coinsurance</div> <div></div>	<p>Once you meet the applicable individual or family annual deductible, you pay a coinsurance amount and the plan pays for the difference.</p>	
<div>Out-of-Pocket Maximum*</div> <div></div>	<p>You pay coinsurance until you reach the annual out-of-pocket maximum. Then, the plan pays 100% of covered expenses for the remainder of the calendar year.</p> <p>If you enroll any dependents, the individual out-of-pocket maximum is applied to each individual, and once met for the individual, the plan pays 100% of covered expenses for that individual. If one person, or a combination of family members, meets the family out-of-pocket maximum, the plan pays 100% of covered expenses for all family members.</p>	

* Amounts incurred for in-network covered services will apply to all in-network deductibles and in-network out-of-pocket maximums.

Income Protection Benefits

We know life doesn't always go as expected, which is why we're providing you with access to a variety of additional benefits designed to protect you and your family from the financial impact of unforeseen circumstances.

Life and Accidental Death and Dismemberment (AD&D)

Administered by Unum, Life and AD&D insurance benefits offer financial protection for you and your family in the event of your death or injury due to an accident. You may choose to elect Voluntary Life Insurance coverage for yourself that is equal to an increment of your annual earnings up to a maximum amount of \$750,000. When you elect at least 1x your annual earnings of Team Member Voluntary Life Insurance, you will automatically receive Team Member Basic Life Insurance and Basic AD&D Insurance equal to 1x your annual earnings up to a maximum of \$300,000 at no additional cost to you.

Voluntary Life Insurance coverage, including for Team Members, spouses/domestic partners, and children, is fully Team Member paid. Team Member contributions are deducted on a pre-tax basis from your paycheck. See the table below for your coverage options.

Life and AD&D Insurance	
Coverage Summary	Coverage Amount
Company-Paid Team Member Basic Life Insurance	1x your annual earnings (up to a maximum of \$300,000) when Team Member Voluntary Life Insurance is elected
Team Member Voluntary Life Insurance	1x, 2x, 3x, 4x or 5x your annual earnings (up to a maximum of \$750,000, amounts greater than \$500,000 require EOI) Note: The benefit amount reduces to 65% at age 65 and reduces to 50% at age 70.
Spouse/Domestic Partner (DP) Life Insurance	\$25,000*
Child(ren) and DP Child(ren) Life Insurance	\$10,000*
AD&D Insurance: Team Members who enroll in Voluntary Life Insurance automatically receive AD&D coverage at no additional cost. The AD&D coverage is equal to the combined coverage amount of the Team Member Basic Life Insurance and Team Member Voluntary Life Insurance. AD&D Insurance pays benefits in the event of death and/or certain accidents. This coverage provides a benefit equal to 25%–100% of your combined Life Insurance benefit, depending on the type of loss.	

* You must purchase Team Member coverage to elect this coverage. You must elect a Team Member only coverage amount of at least \$25,000 in order to elect spouse/domestic partner Life insurance or \$10,000 in order to elect child/domestic partner child life insurance.

Making Changes During Annual Enrollment

During Annual Enrollment, you can increase your Team Member Voluntary Life Insurance by one increment of annual earnings without providing Evidence of Insurability (EOI). If you are electing coverage for the first time or wish to increase your Team Member Voluntary Life Insurance more than one increment of annual earnings, EOI is required. For example, you can increase coverage from 2x to 3x without EOI but an increase from 2x to 4x would require EOI. Note: Any election exceeding \$500,000 requires EOI.

Disability Insurance

Disability insurance helps you meet your financial needs if you become unable to work for an extended period of time. Short-Term Disability (STD) is offered through Sedgwick, and Long-Term Disability (LTD) is offered through Unum. If you elect STD and/or LTD, Whole Foods Market pays 50% of the cost and you pay the remaining half, which is deducted on a pre-tax basis from your paycheck.

Note: Team Members in California, New York, New Jersey or Rhode Island, should contact their TMS representative to assess the coverage already provided by state-mandated disability plans.

How You Pay for Benefits

The cost of some benefits are deducted from your pay on a pre-tax basis. This means you make your contributions before you pay federal or state taxes, as well as Social Security taxes. Lower taxes mean you keep more of what you earn.

Your 2021 Benefit Elections Worksheet

Complete the following worksheet to get a full picture of what your benefits for 2021 will look like and understand the cost.

List the benefits you plan to elect and the per-paycheck contributions (shown in this guide). Then, tally up the contributions to see how much you'll pay for your 2021 benefits per pay period.

Keep in mind that tobacco user contribution rates apply to medical, LTD, Voluntary Life Insurance and Critical Illness Insurance. Be sure to select the applicable rate when you are tallying your paycheck contribution amounts.

Important: Voluntary Life Insurance and Critical Illness Insurance contributions are shown on a monthly basis and are noted with an asterisk below. You need to convert these to a biweekly dollar amount to complete this worksheet. To do this, take the dollar amount from the contribution table, multiply by 12, and then divide by 26.
