

## Dominion Energy Non-Union Benefits

Dominion Energy offers non-union employees a robust total rewards package designed to accommodate a variety of coverage needs for employees. Below are a few highlighted snapshots of benefits provided by the company. Please click on the images to learn more.

### Medical Plans

Dominion Energy employees can choose one of three different medical plans (A, B or C) from Anthem. These plans offer coverage for you, your spouse, children under age 26 (natural, adopted, step or foster), children over age 26 that cannot support themselves due to a physical or mental disability, a person who qualifies as a domestic partner, a legal ward under the age of 26, or children under age 26 who are serving in the military.

If you choose medical plan option B or waive medical coverage, you also have the option of electing to participate in the company's Healthcare Flexible Spending

### Dental & Vision Coverage

The dental plan is available through MetLife and covers benefits for major services and orthodontia for adults and dependent children. Preventive care is covered at 100%. The vision plan is available through EyeMed and covers vision exams, eyeglasses and contact lenses. The plan also provides a discount on LASIK procedures.

### Vacation & Sick Leave

New employees accrue 3 weeks of vacation per year (120 hours). 30 hours are accrued at the start of each quarter and the employee can borrow up to 30 hours from the previous or following quarter. 40 hours can also be carried over into the following year.

Upon date of hire, employees will be granted 26 weeks of paid sick time (13 weeks for part-time employees). This time available is a mix of 100% and 70% of base pay according to the employee's completed years of service.

Account (FSA). If you choose medical plan option A, you will have a Health Savings Account (HSA).

Regardless of which medical plan option you choose, you can also enroll in a Dependent Care Flexible Spending Account.

## **Parental Leave and Resources**

All eligible full-time employees will receive up to 120 hours of paid parental leave at 100% of their base salary to bond with their newborn or with a newly-adopted child, and all eligible part-time employees will receive up to 60 hours of paid parental leave. Leave must be used consecutively and cannot be used intermittently.

Dominion Energy also offers a number of resources to assist with dependent care, such as the Employee Assistance Program (EAP), a Dependent Care Flexible Spending Account, discounts to child and adult care facilities, nursing mothers' rooms and resources for new and expecting parents.

## **Retirement Plan**

Dominion Energy employees contribute based on a % of eligible compensation to the Dominion Energy 401(k) Salaried Savings Plan. The company provides a matching contribution and a non-elective, automatic employer contribution of 4-5% based on years of service. The employee is always fully vested in his or her contributions and becomes 100% vested in company match and non-elective, automatic employer contributions after three years of service.

The employer matching contribution "matches" the % of salary contributions that the employee elects to make, up to either 4% or 5% depending on years of service.

The non-elective, automatic employer contribution of 4% or 5% will be contributed to the employee's 401(k) savings plan account automatically, regardless of whether the employee makes their own salary contributions to the plan.

## **Education Assistance Program**

The Education Assistance Program provides a 100% reimbursement of eligible tuition costs, required textbooks and specific course-related fees—up to \$7,500 per calendar year. Regular active, full-time and part-time non-union employees of Dominion Energy who are scheduled to work at least 1,000 hours per year are eligible for the Education Assistance Program.
