**Help deliver the energy that heats homes, powers our businesses and fuels our transportation, all with increasing achievements in safety, efficiency and conservation.**

Our employees are energized by:

- **Exciting, challenging projects**
- **Competitive total rewards**
- **Hybrid work arrangement**
- **Making a positive difference in our communities**
- **Contributing to responsible energy development**
- **An environment where you can dress casually and comfortably while supporting a high-performing workplace**

**Current  
opportunities**

From head office to our field operations, we actively seek out a wide range of candidates for all positions. A diversity of backgrounds, opinions and skills strengthens our teams and drives innovation.

Our five corporate offices employ thousands of people in Calgary, Toronto, Houston, Charleston (WV) and Mexico City. Our field operations provide opportunities in hundreds of communities across seven Canadian provinces, 34 U.S. states and seven Mexican states.

Whatever the role, or the location, you have the opportunity to develop your career — and make what you do matter.

## Accessibility for applicants

Our commitment to respect the core principles of dignity, independence, integration and equal opportunity goes beyond our employees and extends to new applicants and others using our services. We are committed to ensuring that employees, applicants and customers with disabilities receive accessible services with the same quality and timeliness

that others do.

We take our commitment one step further in Ontario to comply with legislation under the Accessibility for Ontarians with Disabilities Act (AODA) and strive to provide our goods and services in a way that respects persons with disabilities.
