What You Pay

Healthy Incentive Credit

The Healthy Incentive Credit reduces your medical plan premiums each month. It is available to active, U.S. benefit-eligible employees (not spouses/domestic partners or dependents) ages 18 and over, who enroll in the medical plan and complete the activities required to earn the credit.

Employees hired during the plan year will automatically receive the Healthy Incentive Credit for that year. Employees hired on or after July 1 also automatically receive the full \$40 monthly credit upon electing medical coverage for the following year. In future years, you will be required to complete certain activities to earn the credit.

Tobacco User?

Supporting DuPont's global tobacco-free policy, a \$50 monthly surcharge is added to your medical premiums if you are a tobacco user. You will be required to attest to your tobacco use during each Annual Enrollment period.

Employees hired during the plan year will not be assessed the tobacco surcharge for that year. Additionally, if your hire date is on or after July 1, the surcharge is waived for the following year — but you are still encouraged to take advantage of tobacco cessation resources offered through DuPont. These include:

- Tobacco cessation coaching;
- Free prescription tobacco cessation medication as part of the medical plan (call CVS Caremark at **1-844-212-8696** or log on to **www.caremark.com** to learn more); and
- Up to 12 free Employee Assistance Program (EAP) sessions per year to help you manage emotional issues that you may experience while you are trying to quit.

Prescription Drug Coverage

You will be automatically enrolled in prescription drug coverage if you elect DuPont medical coverage. Non-specialty drugs are administered through CVS Caremark, and specialty drugs are managed by Archimedes.

Your prescription drug costs will depend on if you choose to purchase drugs at retail or mail order, an in-network or out-of-network pharmacy, and the category of the drug on the CVS Caremark and Archimedes drug lists (also called a formulary).

- An infertility diagnosis is not required.
- In-vitro fertilization (IVF) benefits are available regardless of an individual's fertility or vasectomy status.
- Freezing of eggs or sperm for cancer patients who will undergo chemotherapy or radiation therapy is covered for up to 24 months.

Note: Pre-certification is required for coverage of infertility services.

Substance Use Treatment

DuPont is committed to helping employees and dependents who suffer from substance use disorders. We've added coverage for reSET® and reSET-O®:

- reSET provides treatment for substance use disorder, and
- reSET-O provides treatment for opioid use disorder.

reSET and reSET-O are both 12-week prescription products delivered via mobile device, and have been shown to help people stay in treatment longer. Both provide patients, age 18 years or older, with secure, discreet, anytime, anywhere access to online therapy lessons that complement outpatient therapy.

Transgender Benefits

The DuPont Medical Plan provides coverage for transgender services that the World Professional Association on Transgender Health (WPATH) considers medically necessary. For information, call Accolade at **1-877-383-4756**.

Health Savings Account (HSA)

When you enroll in either the Core or Premium Saver medical plan option (and certify that you meet the Internal Revenue Service [IRS] eligibility criteria), a bank account will be opened in your name through Bank of America called a Health Savings Account (HSA). You will own and control this account for your healthcare expenses.

DuPont contributes to your HSA, and so can you. The more you contribute from your paycheck on a tax-free basis, the more you can save to use toward medical expenses in the future. Remember to consider any contributions made with a previous employer during the same calendar year to ensure you do not contribute more than the IRS maximums and incur penalties.

For 2022, after DuPont's contribution (\$600 individual/\$1,200 other coverage levels) you can contribute up to:

- \$3,050 if you cover just yourself (for a total of \$3,650 in 2022);
- \$6,100¹ if you cover more than yourself (for a total of \$7,300 in 2022); and
- An additional \$1,000 if you are or are turning age 55 or older in 2022.

Note: Your employer and any employee HSA contributions will begin with your first pay statement in the month following your medical elections, provided you attested that you were eligible for the HSA during enrollment. Contributions will post to your account shortly after they show on your pay statement. **Note:** If you do not attest to being HSA-eligible by December 1st of the plan year, you will forfeit the HSA employer contribution.

Use your personal and Company contributions to pay for any expenses that are applied toward your deductible or out-of-pocket maximum (for example, doctor office visits or prescription drug coinsurance amounts) or — since the money rolls over each year — save it for future eligible medical expenses. Check with your tax advisor for additional tax requirements.

1. Includes any contributions made by your spouse/domestic partner, assuming your domestic partner qualifies as a tax dependent.

Teladoc®

Teladoc provides access to a national network of U.S. board-certified doctors by phone (and online in certain locations), 24 hours per day, 7 days a week. The service is offered as part of your medical coverage, and you should register for Teladoc as soon as your coverage takes effect so that you are all set when you are not feeling well. Simply set up an account with Teladoc at www.teladoc.com/Aetna.

Then, when you need help, request a consultation. A doctor can virtually diagnose and recommend a course of treatment for non-emergency medical problems, such as ear infections, sinus problems, or flu symptoms, as well as for dermatology and behavioral health concerns. In many locations, your Teladoc physician can even call in a prescription to your pharmacy if necessary.

A Teladoc doctor is significantly less expensive than urgent care and emergency room visits. Services are covered as shown in the medical plan summary on page 5. The cost of your visit will depend on your medical plan option and whether you've met your deductible (as applicable).

You can contact Teladoc at **1-800-TELADOC** (1-800-835-2362) or www.teladoc.com/Aetna.

2. The benefit for the Preferred Dental Provider Plus network dentist is determined on the network-negotiated amount. For out-of-network providers, R&C limits apply, where R&C amounts are based on the 90th percentile. Additional frequency limits may apply to certain covered services.

3. The lifetime orthodontic limit is a combined maximum for both options; however, the High Option provides an additional \$300 of lifetime coverage.

Flexible Spending Accounts (FSAs)

FSAs are a great way to use pre-tax dollars for predictable healthcare and/or dependent care expenses. An FSA allows you to use before-tax dollars to pay for eligible health care and/or dependent day care expenses for you and/or your eligible dependents.

Health Care FSAs

There are two Health Care FSAs to choose from, depending on which medical plan option you elect.

- **If you enroll in the Core or Premium Saver medical plan option**, you can contribute to the Limited Purpose Health Care FSA.
- **If you enroll in the Traditional Copay PPO option (or you are an expatriate on international assignment)**, you can contribute to the Traditional Health Care FSA.
- **If you opt out of medical coverage**, you may choose either the Limited Purpose Health Care FSA or the Traditional Health Care FSA.

See the chart below for a comparison of the two Health Care FSA options.

	Limited Purpose Health Care FSA	Traditional Health Care FSA
Available With This Medical Plan Option	Core and Premium Saver options only You may also contribute to this FSA if you opt out of medical coverage.	Traditional Copay PPO option only You can also contribute to this FSA if you are an expatriate on international assignment or if you opt out of medical coverage.
Your Contributions	You set aside before-tax dollars from each paycheck to pay for eligible out-of-pocket healthcare expenses during the year. You may contribute from \$120 to \$2,750 in 2022.	
Use Your Account to Pay For	Limited to paying for dental and vision expenses only — including copays, coinsurance, and deductibles under the dental and vision plans	Any eligible medical, prescription drug, dental, and/or vision expenses during the year — including copays, coinsurance, and deductibles
Your FSA Account Balance	You forfeit any unused money left in your account at year-end ("use it or lose it").	
Deadline for Submitting Claims	You have until April 15, 2023 to submit claims for eligible FSA expenses incurred during the 2022 plan year. Remaining account balances after this date are forfeited.	

Attention FSA Participants: Domestic Partners Must Be Dependents

You cannot claim health care or dependent care expenses for a domestic partner or a domestic partner's child(ren) unless they are considered by the IRS to be your dependents.

Learn more about the DuPont FSA options through Bank of America, the FSA administrator, at <https://myhealth.bankofamerica.com>, or by calling **1-877-319-8115**.

Dependent Care FSA

With a Dependent Care FSA, you can set aside tax-free money to pay for day care for your child who is under the age of 13 or for a spouse/domestic partner or dependent age 13 or over who is not able to take care of him/herself. The day care expenses must be necessary for you to work. If you are married, the expenses must also be necessary for your spouse to either work or attend school full-time. You may contribute from \$120 to \$5,000 per year, depending on your tax status.

Based On Your Tax Status...	You Can Set Aside...
If single or married filing jointly	\$120 to \$5,000
If married filing jointly and your spouse's employer offers a dependent care account	Up to \$5,000 in total between the two accounts
If your spouse earns less than \$5,000 per year	Up to the amount of your spouse's earned income (special income limits may apply if your spouse is a full-time student or is physically or mentally unable to provide self-care)
If married filing separate returns	Up to \$2,500

If you are considered a highly compensated employee, your contributions to this account may be limited.

Note: You have until April 15, 2023, to submit claims for eligible Dependent Care FSA expenses incurred during 2022. You'll forfeit any account balances that remain after this date.

Life Insurance

DuPont automatically provides you with basic life insurance coverage equal to your annual pay. You don't pay anything for this coverage, and you don't have to enroll to receive it. (Coverage over \$50,000 is subject to imputed income taxes.)

When you enroll in your benefits, you may choose to do the following:

- **Purchase more coverage:** You can buy additional life insurance coverage for yourself on an after-tax basis (subject to evidence of insurability), up to 8x your annual pay (including the 1x your annual pay provided by DuPont); or
- **Reduce your coverage to \$50,000:** You can do this only if your annual pay is over \$50,000. This option is offered at no cost, as a tax-free alternative to the Company-provided 1x pay coverage.

Spouse/Domestic Partner Life Insurance

You can choose from these life insurance coverage amounts for your spouse/domestic partner (evidence of insurability, or health information, may be required):

\$10,000	\$25,000	\$50,000	\$100,000	\$150,000
\$200,000	\$250,000	\$300,000	\$350,000	\$400,000

Child Life Insurance

You can elect child life insurance for your eligible children (including your domestic partner's eligible children) in these amounts: \$5,000, \$10,000, or \$20,000 per child. The coverage amount you select covers each of your eligible children for that amount — regardless of the number of children you have.

There is no waiting period for newborn life insurance. Your newborn child will be automatically covered for \$5,000 for the first 31 days following live birth. Additionally, dual DuPont couples may both cover children up to a maximum of \$40,000 (up to \$20,000 of coverage per child is available to each employee).

Cover Your Domestic Partner?

For your domestic partner or child of a domestic partner to qualify as your beneficiary, he or she must be specifically designated as a life insurance beneficiary by you. Default payment rules do not apply to domestic partners or children of domestic partners.

Accidental Death Insurance

No one can predict an accident, so DuPont helps you protect yourself and your family from the financial hardships a serious accident can cause. You automatically have Company-paid Accidental Death Insurance coverage equal to 1x your annual pay. This coverage is in addition to your Employee Life Insurance benefit and pays a benefit to your beneficiaries if you die in an accident. Also, if you are permanently injured in an accident, a percentage is paid for specific losses, such as a limb or eyesight.

If you purchase additional Accidental Death Insurance for yourself, you can also purchase coverage for your spouse/domestic partner and/or eligible children.

Vacation Buying Program

Planning a big trip? Or need more time off for another reason? DuPont offers the Vacation Buying Program so you can purchase additional vacation time and pay for it with before-tax payroll contributions. All mainland U.S. employees and expatriates on international assignment are eligible.

How the Vacation Buying Program Works

If you are hired and make your benefit elections prior to October 1, you have an opportunity to buy additional vacation time. You will also have an opportunity during each Annual Enrollment to purchase additional vacation time for the following year. You must make a new election for any extra vacation you wish to buy for the next year, as your election won't carry forward. Your election will remain in effect for the entire plan year, and you cannot change your election during the plan year except for the cash-out provision noted below.

You buy with before-tax dollars. You'll pay for any extra vacation time with before-tax dollars taken from your paycheck each pay period.

You may buy up to an additional 40 hours of vacation time each year. However, if your average scheduled work week is less than 40 hours, you can only buy up to the number of hours you work in an average week.

Planning is essential. Make sure to consider the following when deciding how much extra vacation time to purchase:

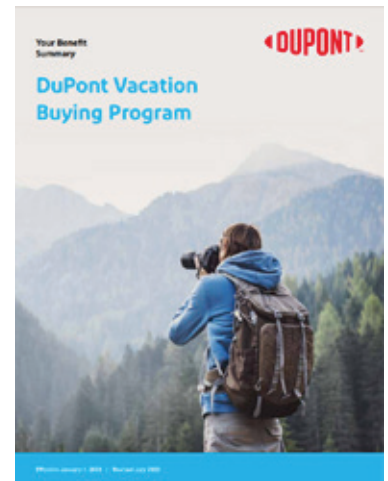

- Purchased vacation is used last. You must use all types of vacation (for example, current annual vacation, carried forward vacation from the prior year, Additional Paid Time Off, etc.) before using any purchased vacation each year.
- You must request a taxable cash out of any unused purchased vacation time directly into your timecard through eTime on or before November 15th. If you miss this deadline, you can contact HR Direct to request a cash out, but this request must be made no later than November 30th.
- If you plan to use your purchased vacation by the end of the year, you must enter your planned purchased vacation hours into your timecard by December 19th to avoid an automatic cash out of unused purchased vacation in your last pay of the year.

How Your Vacation Buying Rate is Calculated

In your year of hire, your annual salary and average scheduled hours will be used to calculate your Annualized Price Per Hour, which is the rate applied when you purchase, use, and/or cash-out purchased vacation.

- Annual salary / (average scheduled weekly hours x 52) = Annualized Price Per Hour
- Your Annualized Price per Hour times the number of hours you want to purchase will be the Annual Cost of your purchased vacation. The Annual Cost will be deducted evenly among your remaining pay periods for the year.

The Vacation Buying Program Guide, located on **DuPont Connection**, includes examples of the calculation as well as other important information.

Vacation and Holidays

Vacation is administered on a calendar-year basis. You will accrue a consistent number of vacation hours each month based on the years of service you will have in the current year.

The Company's schedule of designated and personal holidays differs across locations. Check with your manager or HR Department for details.

Years of Service	Number of Vacation Days per Year ¹	Monthly Accrual Hours ¹
1 - 5	15	10
6	16	10.67
7	17	11.33
8	18	12
9	19	12.67
10	20	13.33
11	21	14
12	22	14.67
13	23	15.33
14	24	16
15 and Higher	25	16.67

1. Assumes a 40-hour work schedule; regular employees working part-time or a reduced schedule will receive a pro-rated number of days/monthly accrual.

Other Benefits

Short-Term Disability (STD)

Injuries and illnesses are an unfortunate part of life, and sometimes you need time away from work to recover. Our STD program covers sick time, and for disabilities other than maternity, will provide 100% of regular pay during weeks one through eight of an absence. This benefit reduces to 70% of regular pay during weeks 9 through 26.

For maternity leave, your pay will be continued at 100% for up to 12 weeks, and at 70% for up to an additional 14 weeks of disability, if needed.

Long-Term Disability (LTD)

If an eligible disability lasts beyond the time limits for STD benefits, our LTD program replaces 60% of your pay, with a maximum monthly benefit of \$15,000 per month. The benefits are reduced by amounts you are eligible to receive from other sources, such as Social Security benefits.

There is a 12-month exclusion for disabilities related to a condition you had during the three months before your coverage began. This pre-existing condition exclusion does not apply to occupational disabilities arising from work with the Company.

DuPont Retirement Savings Plan (RSP)

To help you save for a financially secure retirement, you are automatically enrolled in this plan approximately 60 days after your hire date at a contribution rate of 6% of your eligible pay. In addition, all eligible employees automatically receive an additional discretionary per-pay-period Retirement Savings Contribution of 3% of your eligible pay.

When you're enrolled in the plan, you can receive a 100% Company match on your contributions, up to 6% of your eligible pay. Plan participants may contribute any percent up to 90% of eligible pay, subject to the annual IRS maximum. Your personal contributions and Company match are vested 100% immediately, and the Company Retirement Savings Contribution is vested after completing three years of service.

You will be provided with a choice of investment options through Merrill — including information on how to enroll/change your contributions. You can reach Merrill Benefits OnLine® at www.benefits.ml.com or **1-877-337-5267**.
