Health Insurance Plan Information

WELCOME! To educate you on the many benefits WinCo Holdings, Inc. offers, please review the following benefit guide. If you have any questions about your benefits, we are here to help! Contact the Benefits Department at benefits@wincofoods.com or at 1-800-341-6543, option 4, with any questions. All information and applications related to benefits are located online at <http://benefits.wincofoods.com>.

WHO IS ELIGIBLE TO PARTICIPATE?

- Hourly employees who enroll receive benefits the first of the month following 3 full consecutive calendar months with a minimum of 100 hours per month.
- Salary employees who enroll receive benefits the first of the month following hire date.
- New employees who meet the eligibility requirements have 31 days from the date of his/her eligibility date to complete and return an application for health insurance benefits (medical, dental, vision, prescription, and short-term disability). Applications can be turned in early.
- The plan has a six month stability period with a three month look-back period. Employees remain eligible if they have a minimum of 300 hours worked in the look-back period. Coverage is cancelled if the 300 hours requirement is not met. Coverage will be reinstated once the 300 hours in three months in a row requirement is met.
- Employees may receive coverage for their legally married spouse and/or dependent(s). See your summary plan description definition of legally married spouse and/or dependent(s).
- Medical, prescription, dental, and vision are bundled together into one health insurance plan. Premiums come out once a month on the second pay check of the month. Short-term disability is paid by WinCo and is made available to employees actively covered by health insurance.
- All employees can participate in voluntary benefits. Please note the different benefits have different enrollment deadlines and rules.

OPEN ENROLLMENT:

Benefits open enrollment is held each year in November. This is the one time of year you can update your benefits without a qualifying life event. Enrollments cannot be cancelled or changed after open enrollment without a qualifying life event.

MAKING CHANGES:

A change such as getting married, having a baby, or losing coverage, allows you to make changes outside of open enrollment. To determine if your situation is covered as a qualifying life event, go to <http://benefits.wincofoods.com/qualified-life-events/>. If a change is allowed, you must complete and return the enrollment form along with the supporting documentation within the required deadline, which is generally 31 days.

QUALIFYING LIFE EVENTS: (31 DAYS UNLESS OTHERWISE STATED BELOW)

- Marriage, divorce, or legal separation; or change in number of dependents (birth, adoption, legal guardianship);
- Change in employment status of employee, spouse, or dependent that causes loss of eligibility;
- Dependent ceases to satisfy eligibility requirements (divorce, loss of parental rights);
- Change in coverage under another employer plan (including mandatory or optional change initiated by your spouse's employer or a change initiated by your spouse);
- Loss of coverage from government plans / programs or educational institution;
- Loss of CHIP or Medicaid eligibility; gaining CHIP or Medicaid subsidy eligibility (60 Days).

SOCIAL SECURITY NUMBERS: Federal law requires you to provide a valid Social Security number or Individual Taxpayer Identification Number (ITIN) for each person to be covered by any medical plan sponsored by your employer (yourself, your spouse, and all dependent children).

Note: This publication is only a partial summary of benefits and is provided for informational purposes only. For complete information see the summary plan description found at <http://benefits.wincofoods.com>.

Plan Information

MEDICARE PART D: If you have Medicare or will become eligible for Medicare in the next 12 months, federal law gives you more choices about your prescription drug coverage. Contact Medicare for more information.

HIPAA PRIVACY NOTICE: The Health Insurance Portability and Accountability Act (HIPAA) requires employers to adhere to strict privacy guidelines and establishes employees' rights with regard to their personal health information. If you have any questions regarding this federal regulation, please contact the Benefits Department.

IRS REGULATIONS: Failure to meet IRS deadlines will affect your insurance coverage! IRS regulations govern how and when an employee may make cafeteria plan elections and changes to those elections. **These rules require that employers enforce firm deadlines with respect to employee benefit enrollment forms and the related cafeteria plan elections.** This means that we cannot accept forms turned in after your initial eligibility deadline or when open enrollment ends. Furthermore, if you experience a qualifying event allowing you to add, drop, or modify your coverage and related cafeteria plan election mid-year, we must be notified of such event. The required forms must be completed within 31 days of such event, or you cannot make the change. ***If you do not enroll on time, you will not receive coverage or be able to change your elections mid-year unless you have a qualifying life event enrollment opportunity.***

HELPFUL TERMS:

Copay: An amount a participant must pay per service or visit to a provider after the deductible has been met, if applicable.

Coinsurance: The percentage of a covered expense which the participant is responsible to pay per service or visit to the provider after the deductible has been met, if applicable.

Deductible: An amount which each participant must contribute toward payment of services before insurance starts to pay. The deductible is paid to the provider. For example, employee only coverage has a \$100 deductible, so that means the participant pays the first \$100. After the deductible is met, a co-pay or coinsurance is paid for covered services.

In-network: Providers or facilities who are under contract with the contract administrator to accept contracted rates.

Out-of-network: Non-contracted providers or facilities. Charges may be subject to balance billing which means the participant is charged the difference between the insurance contract and the billed charges.

Out-of-pocket Maximum: Means the maximum amount paid for essential in-network health benefit expenses during the plan year including co-pays, coinsurance, and deductibles. Applies to medical and prescription.

Preferred Provider Organization (PPO): Hospitals, physicians and providers who have contracted with the plan or contract administrator on behalf of the plan sponsor. A directory of preferred providers is available online from the applicable benefit provider or contract administrator. Inquiries concerning a particular provider can also be directed to the contract administrator.
