Help Residents Maintain Healthy Digestion with Florastor Daily Probiotics^{†1,2}

Florastor daily probiotics can help your residents maintain healthy stools during and after antibiotic use because unlike bacterial probiotics, Florastor is naturally resistant to all antibiotics.^{†1,2,3,4} A recent study showed healthy people who took Florastor while taking antibiotics resulted in significant inhibition of *E.coli* overgrowth and a marked reduction in unfarmed stools compared with those who took antibiotics alone.^{†4}

Daily Digestive Balance & Immune Support

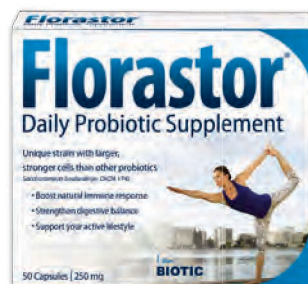

In addition to helping residents maintain healthy stools during antibiotic use, Florastor also supports a strong digestive balance and immune system.^{†1,5} Over 70% of the immune system is located in the digestive tract. Since Florastor strengthens digestive balance by helping restore natural intestinal flora, it also supports a healthy immune system.^{†1,5}

Trusted Worldwide Since 1953

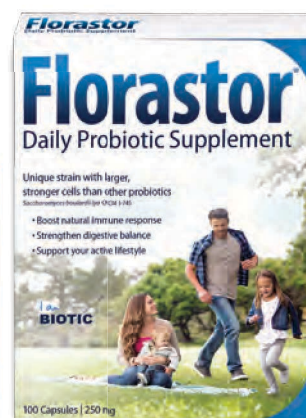

Florastor is the only probiotic brand with *Saccharomyces boulardii* lyo CNCM I-745 which helps restore natural intestinal flora.^{†1} This unique and proven probiotic strain has over 60 years of use and research.

Convenient for Staff and Residents

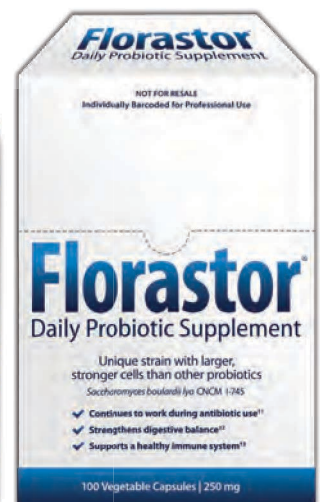

All ingredients in Florastor are vegetarian, gluten-free, and non-GMO. Florastor does not require refrigeration and has a three-year shelf-life.

Medline DRUG BUSTER® Drug Disposal System

Fast, Effective, Eco-friendly Drug Disposal System

Flushing unwanted medicine down the toilet isn't environmentally responsible. Mixing drugs in with waste isn't safe. Having highly skilled staff crush pills isn't cost effective. The DRUG BUSTER medication disposal system deactivates the active ingredients in unused OTC and prescription medications, preventing misuse, abuse and contamination.*

- » Patented solution dissolves and neutralizes the active ingredients in non-hazardous medications
- » Irreversible process begins immediately, taking just 15 minutes to break down pharmaceuticals into an environmentally inert slurry
- » Container can be safely stored and used repeatedly until full, at which time it can be placed in the garbage

*Helps contain the active ingredients of the medication to defer it from leaching into soil and water supplies.

Make Medline your ally against the flu.

You count on Medline for everything from high-end equipment to basic supplies, but did you know you can also order flu vaccine through Medline? And here are just a few reasons why you should:

Trusted Brands

We offer a wide range of flu vaccine products, including such wellknown brands as Afluria® and Fluzone®.

Single Source Shopping

Medline also carries flu tests, cough & cold products that relieve flu like symptoms, protective gloves and masks, needles and syringes, and other related products –just some of over 350,000 products we can provide covering the entire continuum of care.

Ordering Ease

As with all our products, Medline makes vaccine orders simple with professionals on hand to give you the information you need before finalizing your purchase.

Seasonal flu vaccines are available! For more information, contact your Medline Representative or Customer Service at 1-855-294-9618.
